

5. Non Member Policy

Non members who attend 'member only' or 'open' events are subject to all the policies/rules of the Quad City Singles, Inc. club as they apply to members.

Non members are allowed to attend 'member only events' one time per category of event. In the case where non members attend 'member only events' more than once, the individual will be asked to leave the event by a Board member and one witness, if the event is held in a private room/space reserved for Quad City Singles. If the event is in a public place where reserved seats have been reserved for Quad City Singles members, the non member will be asked by a Board member and one witness to vacate the reserved seats and sit elsewhere. If the non member refuses to move, the management of the establishment will be contacted to handle the situation.

The Board has the right to refuse to allow the non member to become a member of Quad City Singles, Inc. if the non member ignores the club's policies, rules and by laws.
